

SANY DUMPER

SYZ323C-8R

Quality

More Reliable

- ◆ Digital simulation
- ◆ Structure test
- ◆ Experienced 300,000KM road test.

More Energy-efficient

- ◆ Superior Engine & Gearbox Combination
- ◆ Equipped with Euro III IV V diesel engine, 10 AT wide speed gearbox and double reduction axles with high speed ratio. Fuel consumption is less than 45L/100KM when full load at the speed of 50KM/H.

Security

Efficient Braking System

- ◆ Through the combination of engine exhaust brake and tyre brake system, braking distance could be $\leq 10\text{m}$ ($v=30\text{km/h}$) when full load. Security risk was dramatically reduced.

Lower Gravity

- ◆ Height of gravitational center is 1315mm, move safe and stable.

High-strength Structure

Quality Changes the World

SYZ323C-8R Specification

No.	Model	SYZ323C-8R
1	Dimension (L×H×W)	9010mm × 2530 mm × 3590 mm
2	Gross Weight	14500 kg
3	Max. Full Load Weight	49000 kg
4	Min. Turning Diameter	21 m
5	Max. Gradability	≥48%
6	Max. Speed	85 km/h
7	Steering Wheel	Right-mounted
8	Cargo Capacity	23 m ³
9	Cargo Empty	6000 mm × 2300 mm × 1700 mm
10	Lifting Angle	48°
11	Lifting Mode	Front Lifting
12	Manufacturer	SANY
13	Engine	J08E-UP (HINO)
14	Power	222 kW
15	Emission Standard	Euro III/IV/V
16	Axles Quantity	3
17	Wheel Base	4300+1400 mm
18	Gear Box	FAST 10JSD120B
19	Front Axle	9.5 T
20	Rear Axle	2×16 T
21	Tyre	12.00R20
22	Cab	SANY CB318
23	Fuel Tank	300 L
